SUMMER 2025

INTERNATIONALCAMPSANCELSO

A mountain adventure vacation for children and teens from ages 6 to 17!

International Camp Sancelso 2025

An international English-language summer camp in an exclusive and private location in Castione della Presolana (BG)

The Camp

International Camp Sancelso offers a **summer camp in English** in a relaxed and comfortable **international environment** with teachers and friends from all over the world!

Our holidays for kids and teenagers aim at language learning, cultural integration and creating new friendships between young people from different countries.

Our decades of experience have led us to choose as our teaching method playful-recreational routines such as sports, role-playing, arts, crafts, science and cooking workshops, all taught in English by native, Italian and foreign counsellors

with Celta, IELTS, TOEFL or similar certifications: this allows us to create a **truly international atmosphere!**

Living in the mountains is an extraordinary experience, which is why we offer a nature and outdoors vacation where children learn to grasp and appreciate the beauty of nature and behave consciously in a stimulating environment. A typical day at Camp includes: **hiking** with the possibility of **sleeping in a tent or hut**, sports and group activities such as **paintball, e-biking, horseback riding, indoor climbing, archery, canoe tour** and visits to the **adventure park** and **water park**.

For this reason, our Camp also proves to be a time of authentic growth in close

contact with nature!

The program varies depending on the age of the participants, but the common goal is to help them grow up more open-minded, sporty, safe, aware and environmentally friendly.

Our counsellors follow children and teens with great dedication, putting health and safety first. During games, activities and life together, participants will have the opportunity to learn and get to know the Italian language and culture, which will be assimilated spontaneously and naturally: we firmly believe in the idea of **cultural exchange** to form true **citizens of the world!**

We offer a **varied and balanced menu**, with a focus on organic products and locally grown foods and we have no problems with accommodating special diets.

Education & Entertainment

In a word: **Edutainment**. Education is an essential part of our program: we started as a school and have always paid great attention not only to the recreational aspect, but also to the educational one.

Our commitment, which has always been aimed at education in affectivity, sociality, rules and the pursuit of personal well-being, is to build an authentically healthy

community: the International Camp Sancelso. In this way, we aspire to contribute to a more inclusive, caring and positive society.

Location

Villa Sancelso in Castione della Presolana is the home to the International Camp Sancelso. Located at an altitude of 900 m, it lies at the base of the **Presolana massif** and **Mount Pora**, right next to the **Orobic Bergamasche Regional Park**, a splendid mountain park with peaks over 3,000 m and extensive valleys and forests. It is the largest high-nature protected area in all of Lombardy, a magnificent and fascinating green zone.

Castione della Presolana is a small village in the **Val Seriana** mountain community that is surprisingly known for its traditional architecture, which favours natural materials such as wood and stone, and for being in the privileged position that offers an unique scenery of the Val Seriana.

Villa Sancelso with its **14,000 m² of surrounding green area** and sports facilities is **completely reserved for the International Camp Sancelso children** for the entire duration of the summer camp.

The aim is to offer hospitality and comfortability to children and teens by carefully considering their needs and requirements to ensure they have a **perfect holiday!**

The Camp location is easily accessible from the major cities of Northern Italy: it is in fact 90 Km from Milan, 70 from Brescia, only 40 Km from the city of Bergamo and 45 from Caravaggio Orio al Serio International Airport (BG).

Our Dates

That at International Camp Sancelso is a vacation to be lived “naturally” in full respect of the rhythms of our young guests.

This is precisely why we give more space to periods of **two consecutive weeks**, which, in our experience, promote a more gradual and relaxed integration, the creation of deeper friendships and a

more serene and peaceful adaptation of the territory to the new rhythms.
